

THE KNIGHT FLYER

Jul – Aug - Sep

2018

Wind, Rain Tease Springtime Flying Opportunities...

Our first picnics of the year always contend with unpredictable spring weather.

This year was no exception. Rain was in the forecast but, "not an everywhere rain".

What does that mean?

It turns out that on May 20th, the North Collins field was one of those, "not everywhere" spots.

The afternoon was quite pleasant, with gentle winds.

Getting ready for flight

George, his wife and Greg enjoy dinner

About a dozen of the Knights showed up and had a great time flying.

Around four PM the food was ready and all the flyers broke for dinner.

Sometimes the weather forecast may look dismal but as often happens in WNY, the afternoons turn out to be great.

Editor to Retire

Your next newsletter will be the last.

Your editor will be retiring at the end of this year.

This position is up for election in December. As a benefit, your dues for the following year will be cancelled.

The only required task is to inform members of upcoming meetings and activities such as picnics, etc. You would need to maintain a roster of members to do that.

Creating and sending out a newsletter is not required.

Down Scaled Rally

This year's rally will feel more like a summer fly-in picnic.

There will be no formal activities.

Everything will go with the flow.

Of course our Out of Town guests will still be invited and we will host a pilot's dinner for them, but that will be about the extent of it.

Club Flying Fields

North Collins Flying Field

Flying is the number one use of our field, but our picnics, fly-ins and 'sometime' meetings are also held at these locations.

New members often ask; "How do I get to the flying field?"

The maps shown here will provide the details to reach each field.

You can get to the NC field by taking Rt. 62 through Eden and North Collins out to Shirley Rd.

Emerling Field can be reached by taking Rt. 219 South to Rice Hill Road exit.

July Family Picnic Fly-in.

Our July picnic will take place at Ray Barron's Flying Field on Kent Road. In Little Valley. It will be a chicken barbeque.

A map to Ray's Field will be sent to all members prior to this event.

Attention, all new members!!!

Flight Training- Flying Lessons.

Billy Hauth will be at the Emerling Road Field on Wednesday evenings throughout the summer, (weather permitting).

5 Pm until dusk. Check with Bill, re; his phone system for cancellations.

All of our new members are encouraged to take advantage of this opportunity. Don't try to go out and fly a virgin airplane with no experience.

This is a good opportunity to get some serious stick time.

You'll take your airplane home with you and have great time and many future flights.
